This is to ascertain the status of the Department's request for the intervention of the Attorney General's Office in the above referenced case. In November I generated a memorandum to the Deputy assigned, Barbara Pryor. Subsequent to that Ms. Pryor tendered her resignation and indicated to us that she would inform Larry Stanley the priority of this case for reassignment. I am greatly concerned over this matter and so is the Metro Field Office (see attached letter and memorandum form Dave Oster, DHWM).

At this time I would like to know what steps can be taken to ensure that the site is secured, remediated and ECRA compliance upheld. Once again I reiterate that this site has serious potential as a public health concern. Please advise immediately, I feel that this is getting away from us (sheriff's sale).
